

Combined Heat and Power Workshop Draws 32 Participants

A CHP workshop was held on April 25th at Dominion East Ohio's new Hudson Ohio training center. Thirty-two individuals attended the session. All presentations were well received. Links to the presentations appear at the following. The tour of Kent State's CHP installation was excellent.

Class at Dominion Education Center

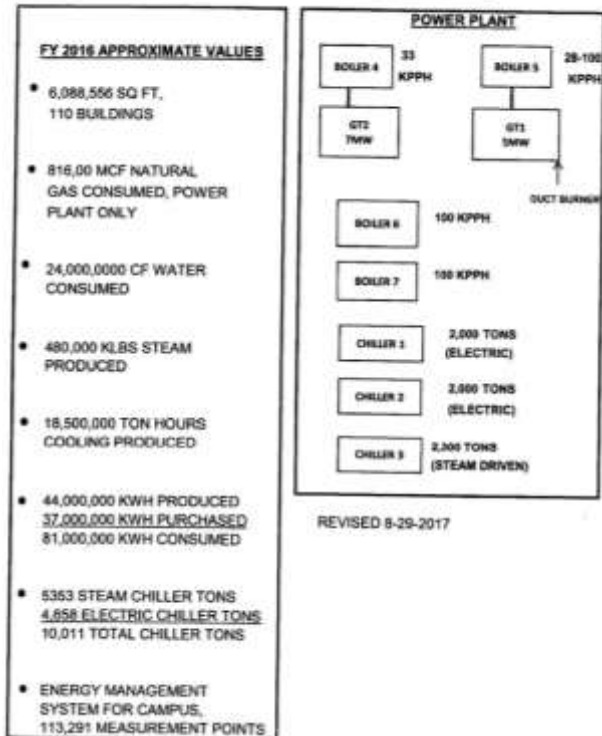

7MW Gas Turbine System

7MW Gas Turbine

KSU ENERGY OPERATIONS

Scott Watkins, KSU Energy Management Supervisor, explains a portion of the CHP control System

Combined Heat and Power (CHP) and Fuel Cell Technologies for Industrial, Institutional, and Commercial Facilities

Hudson, Ohio – April 25, 2018

Please rate the following items on a scale of 1 to 5 with 1 being the least and 5 the most.

1. How worthwhile was this workshop? 1 2 3 4 **5**
2. What is the likelihood that you would attend another similar workshop? 1 2 3 4 **5**
3. What is the likelihood that you will try to implement a CHP project? 1 2 3 **4** 5
4. Did the presentations provide the information you were looking for? 1 2 3 **4** 5
5. How did you hear about this workshop?
 Dominion Energy Ohio
 OCIEE
 Other _____
6. Are you interested in learning more about CHP incentives in your area?
 Yes
 No
7. Are you interested in a complimentary CHP Qualification Screening from the US DOE Midwest CHP Technical Assistance Program?
